Guide to your UNCG computer accounts

SpartanLink: The **prospective student** portal that students use throughout the application and enrollment process. Admitted students use SpartanLink to view a customized enrollment checklist and accept UNCG's offer of admission. (Students create a username and password when they register for SpartanLink.)

UNCGenie: The portal for **currently enrolled students**. This is used to register for classes, make payments, and take care of other university-related business. Students need their University ID and PIN to log in to UNCGenie. (Both are sent in an email through SpartanLink after admission.)

iSpartan: A UNCG **email account** that students must activate after being admitted. (Visit its.uncg.edu/New for information on activating your computer accounts.)
