UNCG’s two-year pre-professional interest track in engineering emphasizes the physics and mathematics coursework a student needs to transfer to an engineering program and complete the engineering degree. Interested students are encouraged to contact Dr. Pratap prior to registering for first semester classes.

Suggested Majors

- Computer Science (BS)
- Mathematics (BS)
- Physics (BS)

The Student Experience

Preparation to attend any accredited engineering school in the nation.
Math and physics coursework in small classes and a supportive environment.
Faculty guidance valuable in the engineering school application process.
Participants hold positions including:

- Engineer, Allied Signal Inc.
- Applications software engineer, McDonnell Douglas Corp.
- Branch chief, NASA
- President and CEO, IPC Information Systems
- Senior design engineer, Dell EMC
- Senior environmental specialist, state of New Jersey
- Vice president, Oscom Communications
- Senior quality engineer, Analog Devices Inc.
