WELCOME
WHAT MAKES UNCG DIFFERENT?  WE MAKE A DIFFERENCE.

We offer outstanding academic programs, facilities that are modern yet historic, and professors who are dedicated to your success.

But there’s more to it than that. UNCG is a place where students Do something bigger altogether by thinking in new ways and solving real problems. Our students don’t shy away from the local community – they engage in it.

Learning here is an active, hands-on experience because we know that making a difference is vital to your college experience – and the rest of your life.
MANY FACTORS ARE INVOLVED IN CHOOSING A COLLEGE. BUT CHANCES ARE, WE AGREE ON AT LEAST ONE THING:

It all starts with academics.

We take pride in UNCG’s undergraduate programs, distinguished professors, and reputation for academic excellence. Yet we’ve been at this long enough (since 1891, in fact) to know that it takes more than that to help students succeed. UNCG’s faculty and staff work hard to provide students with a supportive and challenging learning environment.

HERE’S THE SHORT LIST OF WHAT YOU NEED TO KNOW ABOUT ACADEMICS AT UNCG:

- 14,000 UNDERGRADUATES CHOOSE FROM MORE THAN 100 MAJORS AND CONCENTRATIONS
- AWARD-WINNING FACULTY ARE EXPERTS IN THEIR FIELDS AND SERVE AS RESEARCH MENTORS

“...In the university, we do research that may not have a dollar amount to it in the short run, but it tells us about the world and makes us more informed. The university is one of the only places where that happens. I see it as us providing a public good.”

Dr. Arielle Kuperberg, assistant professor of sociology

SERVICE IS NOT JUST A MOTTO AT UNCG.
IT'S A WAY OF LIFE.

That means nursing students make house calls on elderly patients who have trouble getting to the doctor. Fraternities camp out to raise money for a local animal shelter. Some students spend their spring break helping flood victims while others work as summer interns at a sea turtle hospital. The UNCG community is dedicated to making a difference.

“I’ve always been out in the community. You make time for what you want to make time for. I go by the philosophy of Muhammad Ali: ‘Service to others is the rent you pay for your room here on Earth.’ It is our duty as citizens to give back.”

Melba McDowell, public health major
