PRE-OCCUPATIONAL THERAPY

A master's degree in occupational therapy is required for practice in the profession. Students interested in completing the pre-occupational therapy track at UNCG typically pursue the Therapeutic Recreation concentration of the Recreation & Parks Management (BS) degree. Interested students are encouraged to contact Dr. Bedini or Dr. Kinney prior to registering for first semester classes.

The Student Experience

- Faculty advising helps position students for acceptance into a master's program in occupational therapy and is valuable in the application process.
- Coursework includes prerequisites for entry into a Master of Science in Occupational Therapy program, including:
 - human anatomy with lab
 - human physiology with lab
 - statistics
 - human development across the lifespan
 - abnormal psychology
 - medical terminology
 - biomechanics/motor development
 - occupational therapy general education requirements (such as general psychology, general biology, business ethics, sociology, anthropology)
- On degree completion, eligible for practice credentials in therapeutic recreation/recreation therapy.

Additional Information

- N.C. institutions that offer programs for a Master of Science (MS) in Occupational Therapy:
 - East Carolina University
 - Lenoir-Rhyne University
 - The University of North Carolina at Chapel Hill
 - Winston-Salem State University
